QUALITY HIGH AS EVER

Milton Nursery Company
A. Miller & Sons, Incorporators
MILTON, OREGON

SPECIAL PREMIUM OFFER

To increase our present mailing list, we are making a Special Premium Offer, in which you may participate for only a moment of your time.

With each order, accompanied with cash, amounting to \$2.50 or more, and the names and addresses of Six (6) persons whom you believe may desire to purchase nursery stock or will be interested in receiving our General Descriptive Catalogue, we will include, FREE with your order, your choice of any PEONY PLANT herein priced at 50 cents or less.

Be sure to write the names and complete addresses PLAINLY, stating your choice of premium.

PREPAID TRANSPORTATION

We pay transportation charges to any point in the Pacific Northwest (Evergreens and Evergreen Shrubs, balled and burlaped, excepted) where cash accompanies order, and to all other points in the U. S. A. one half the transportation charges, cash to accompany order.

OUR GUARANTEE

All goods are guaranteed to reach you in good, healthy, growing condition; up to grade standard as represented; and to pass State Inspection. At the prices we sell our nursery stock, it is impossible for us to guarantee growth or to be responsible for stock after delivery to our customers in good condition.

Our 57 years of continuous growing and selling quality nursery stock to our many thousands of satisfied customers throughout the United States is an important assurance of your entire satisfaction.

NON-WARRANTY

While we hold ourselves in readiness, on proper proof, to replace free of charge all trees, etc., that may prove untrue to label, or refund the amount paid, we give no warranty expressed or implied as to description, quality, productiveness or any other matter of any Nursery stock, seeds, bulbs or plants we sell.

USUAL DISTANCES FOR PLANTING

Pear.....	25 to 35 feet apart
Apple.....	20 to 35 feet apart
Sweet Cherry....	25 to 40 feet apart
Sour Cherry.....	} 16 to 24 feet apart
Plum.....	
Prune.....	
Apricot.....	
Peach.....

Currant.....	4 to 6 feet apart
Gooseberry.....	7 to 10 feet apart
Raspberry....	3 to 4 ft. by 5 to 7 ft.
Blackberry..	3 to 4 ft. by 5 to 7 ft.

Number of Trees or Plants Required per Acre— How to Estimate.

Rule—Divide 43,560 (the number of square feet in an acre) by the number of square feet for each plant. The result is the number required for an acre.

If trees are planted on the Triangular system, 15 per cent more than for the Square system will be required.

Ornamental Shrubs

Our Ornamental Shrubs herein listed are all two or more years of age, No. 1 Grades. They have been field transplanted; roots and tops trimmed to produce superior root systems and symmetrical formed tops.

Roses—Oregon Grown

Oregon Grown Roses are known East and West for their superior blooming quality and hardiness. We ship only one grade, strong 2 year No. 1 field grown bushes. They will bloom the first year.

In making comparisons, attention to **Quality** is even more essential than **Price**. Not all nursery stock, especially Roses, offered at "attractive prices" is profitable to the purchaser. **Buy the Best, it Always Pays.**

The selection of Roses, in our General Descriptive Catalogue, consists of many of the "standard favorites" and the best of the New and Popular introductions at moderate prices.

ROSE PRICES, governing all varieties in our General Descriptive Catalogue.
